Finance	Whole School	Parentpay One-Click Payments (Bank Transfer) Parentpay is encouraging parents to use this payment method rather than card payment. As a school we do not like this as potentially a transaction can fail several days later causing lunch accounts to go overdrawn. Where failed

two Parentpay transactions. The direct debits take 3 working days to set before a payment should be attempted. The transaction can then take another 4 days to show on your bank statement. We would recomment continuing with card payment as these transactions are pre-authorised. This can be done by skipping the first page asking you to set up an One Click payment then selecting the 'Add To Basket' button and then 'Other Paymen' Method' button.
